

2018 Village Budget and Tax Levy Approved

The Village Board approved the 2018 budget and tax levy at the November 15, 2017 meeting. The village is in a positive surplus position and will not be raising their portion of the tax levy. This will be the 5th consecutive year the village has decided not to raise property taxes. The approved 2018 budget will be posted on our website in the coming weeks. Also, this budget will be taking the village from a fiscal year to a calendar year.
